

Contact Centre Action Newsletter

Welcome to another Contact Centre Action Newsletter!

I don't know about you, but I am certainly not ready for Christmas. I have no idea where the last couple of months has gone - it doesn't feel like November. Maybe something to do with Melbourne's weather.....

Birthday Celebrations.

Yes, its our birthday again. We have officially been operating for three years now - and what a time that has been! In that three years we have:

- Relocated a call centre
- Established brand new call centres
- Recommended workflow and efficiency improvements
- Written business cases
- Written technology tender documents
- Analysed tender responses
- Project managed technology installations
- Developed a corporation-wide call centre strategy
- Spoken at conferences
- Written articles for industry publications (A recent article will be distributed with the next newsletter)

And we have done this in the following industry verticals:

- Banking and finance
- Resources
- Retail
- Government
- Automotive
- Telecommunications
- Transport

In the constant rush of our day to day lives it sometimes doesn't feel like anything extraordinary, but looking at this list and reflecting, it has been a very busy three years and we have proudly achieved quite a lot.

Sincere thanks to all our clients that have shown faith in us, the vendors we have worked with and everyone who has provided us with such invaluable support over the last three years.

We also have a number of ideas for additional services we can bring to market next year - so watch this space!
